

NEMBO

MOTOCICLETTE

Dear Gentlemen Friends of Nembo Motociclette,

The crowdfunding campaign on Indiegogo, to fund the industrialization necessary to decrease the selling price of the 32, is over on March 24, 2019.

No result at all, only a EUR 50,00 donation by a kind and heroic Italian motorcycle enthusiast (he will be totally refunded, on next March 30, by Indiegogo).

This attempt to maintain our total independence and so, our fresh and not conditioned, approach to the motorcycle world, was to be done anyway. Also because, even if already internationally recognized, a lot of people still does not know anything about the existence of the Nembo 32...

Thanks for the warm appreciation from many of you. Thanks for your understanding of the new 32 dynamic concept and its many benefits. Thanks for the many wonderful articles, about the 32, by the main motorcycle magazines and blogs.

We don't stop here, of course: since hard skinned we are. We go on, trying and trying again. We'll succeed in our revolution! Since the 32 is fantastic, really innovative and performs great.

No Bike is Alike...

So, Make the Revolution, because Madness is Necessary!

A big hug to all the Nembo 32 Enthusiast Friends! Stay tuned!
